

Workshop on Engineering Education for Grades 7-12

ASEE Spring 2009 Northeast Conference,
April 3-4, 2009

American Society for Engineering Education
University of Bridgeport
<http://www.asee2009.org>

On Friday, April 3, this workshop will bring together researchers and practitioners in the field of engineering education for grades 7-12.

The program includes

- Invited talks
- A panel discussions regarding grades 7-12 engineering curricula
- Presentations of some engineering applications, including nanomaterials, signal processing, sports engineering, algorithms and electric safety
- School of Engineering laboratory tours, providing hands-on experiments for the participants.

To ensure a productive workshop environment, attendance will be limited to 30 participants. The registration fee is \$15, to be paid on site. Refreshments will be served.

Organizing Committee:

Buket D. Barkana
